

CALL FOR ABSTRACTS

TWELFTH INTERNATIONAL SYMPOSIUM ON EQUINE REPRODUCTION

(ISER XII)

CAMBRIDGE, U.K.

JULY 22-27, 2018

Submission of abstracts for consideration for the Twelfth International Symposium on Equine Reproduction (ISER XI) will be invited online at www.iser-online.org beginning in early December 2017. Experimental or clinical research in four areas will be discussed at the Symposium: The Stallion; The Non-pregnant Mare; Conception and Early Development; and The Pregnant Mare and Perinatology. The Symposium will comprise 150 short communications divided approximately equally between oral and poster presentations. The Proceedings of ISER XII will be published as either 500 or 1400 word abstracts in the July issue of *Journal of Equine Veterinary Science* which will be available at the meeting.

The deadline for submission of abstracts for consideration for ISER XII is February 1, 2018.

Please note, a given author may not present more than one communication, whether orally or by poster, but may be co-author on several.

For more details about ISER XII, please visit the website: <http://www.iserxii.com/>
